PREFACE.

There are described in the following pages ten small Collections and Invoices of Coins and Medals of many countries, all of which are offered by auction for absolute sale to the highest bidder without any reserve whatsoever.

While this Catalogue contains no coins of very high value, there are scattered on every page many pieces of decided interest and rarity, — rare Masonic Medals, Charlotte and Dahlonega gold Dollars, California Dollars, Halves and Quarters, fine early United States Mint Issues, silver Dollars and rare early Crowns, including one of Elizabeth of England, etc. The Canadian, American and Foreign copper Coins and Tokens, of which there are very many, are arranged in large lots, each generally free of duplicates, giving buyers of this class of coins excellent opportunities of purchase at prices far below dealers' usual rates.

All Coins, Medals, etc., described in this Catalogue, are guaranteed authentic and original. In the statement of condition the cataloguer has rigidly adhered to the high standard adopted by him, and has prepared the descriptions with most scrupulous care.

Orders by mail should be forwarded so as to reach their destination at least twenty-four hours before the sale.

Except when the words "Set" or "Lot" are used, all Coins, Medals, Notes, Books, etc., are sold at so much per piece, and bids must be made accordingly.

Orders for this sale carefully executed by the auctioneer, the undersigned, and coin dealers generally.

Numismatist and Archæologist,
